**Cane River Waterway Commission  
Notes to Financial Statements  
June 30, 1996.**

At June 30, 1996, the Cane River Waterway Commission had cash and cash equivalents totaling \$394,715. Cash and cash equivalents are stated at cost, which approximates market. Unlike short term these deposits cannot be renewed by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. These pledged securities are held in the name of the pledging fiscal agent bank in a holding, or custodial bank in the form of safekeeping receipts held by the Commission. The deposits at June 30, 1996, were recorded as follows:

| <u>Cash Equivalents</u>                     |            |                            |            |
|---|------------|----------------------------|------------|
|   | Cash       | Certificates<br>of Deposit | Total      |
| <b>Carrying Amount on<br/>Balance Sheet</b> | \$394,565  | \$0                        | \$394,565  |
| <b>Bank Balances:</b>                       |            |                            |            |
| Instituted by FIMC                          | 294,565    | 0                          | 294,565    |
| Unknown Balances                            | \$1,000.00 | 0                          | \$1,000.00 |

The Commission's investments are categorized as either (1) issued or registered for which the securities are held by the Commission or its agent in the Commission's name, (2) unissued and unregistered for which the securities are held by the broker's or dealer's trust department or agent in the Commission's name or (3) unissued and unregistered for which the securities are held by the broker or dealer, or by its trust department or agent but not in the Commission's name. A categorization of the Commission's investments at June 30, 1996, follows:

|                             | <u>Category</u> |   |   | Carrying<br>Amount | Market<br>Value |
|-----------------------------|-----------------|---|---|--------------------|-----------------|
|                             | 1               | 2 | 3 |                    |                 |
| U. S. Government Securities | \$345,239       | 0 | 0 | \$345,239          | \$345,239       |

### **5. VACATION & SICK LEAVE**

The Waterway Commission has no employees, and therefore has no vacation and sick leave policies or liabilities. The Barbuda Public Works Office employs the Commission's personnel, and is reimbursed by the Commission for expenses incurred.

### **6. LITIGATION**

As of June 30, 1996, a suit for personal injury damages had been filed against the Commission. Legal counsel for the commission is of the opinion that the commission is not liable for the damages claimed.

## **INDEPENDENT AUDITORS' REPORT**

To the Board of the  
Mississippi River Waterway Commission

We have audited the accompanying general purpose financial statements of the Mississippi River Waterway Commission, Natchez, Louisiana, a component unit of the State of Louisiana, as of June 30, 1996, and for the year then ended as listed in the table of contents. These general purpose financial statements are the responsibility of the management of the Waterway Commission. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, the standards for financial and compliance audit as contained in Government Auditing Standards, issued by the U.S. General Accounting Office, and the Louisiana Governmental Audit Guide. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Mississippi River Waterway Commission, Natchez, Louisiana, as of June 30, 1996, and the results of its operations for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund and account group financial statements referred to above present fairly, in all material respects, the financial position of the individual funds and the account group of the Mississippi River Waterway Commission, Natchez, Louisiana, as of June 30, 1996, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

The audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole, and on the individual fund and account group financial statements. The accompanying financial information listed as "Supplementary Information" in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Mississippi River Waterway Commission. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements, and, in our opinion, is fairly stated in all material respects in relation to such financial statements taken as a whole.

**(NOT PREDICTIVE AUDITORS' REPORT ON INTERNAL CONTROL  
STRUCTURE RELATED MATTERS NOTED IN A FINANCIAL  
STATEMENT WITH CONTRIBUTION IN ACCORDANCE WITH  
GOVERNMENTAL AUDITORS' STANDARDS)**

To the Board of the  
Cane River Waterway Commission

We have audited the component unit financial statements of the Cane River Waterway Commission for the year ended June 30, 1996, and have issued our report thereon dated December 18, 1996.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the U.S. General Accounting Office, and the Louisiana Government Audit Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

The management of the Commission is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required in areas the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are recorded in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the situation to future periods is subject to the risk that procedures may become inadequate because of changes in conditions, or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the component unit financial statements of the Cane River Waterway Commission for the year ended June 30, 1996, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the component unit financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

See notes to financial statements.

Cave River Waterway Commission  
Notes to Financial Statements  
June 30, 1996.

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or the significance of the relationship.

Because the state appoints the Commission's Board and imposes its will on the Commission, the Commission was determined to be a component unit of the State of Louisiana, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Commission and do not present information on the state, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### **C. FINANCIAL STATEMENTS:**

The amounts of the Commission are categorized on the basis of funds and an account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Revenues are accounted for based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The funds presented in the accompanying financial statements are described as follows:

##### **Governmental Fund Types:**

1. General Fund-The general fund is the general operating fund of the Commission. It is used to account for all financial resources except for those required to be accounted for in another fund.
2. Capital Projects Fund-The capital projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed through another fund.

#### **D. FIXED ASSETS:**

The accounting and reporting treatment applied to the fixed assets associated with a fund are determined by its measurement focus. The governmental funds are accounted for on a spending or "financial flow" measurement focus, and only current assets and current liabilities are generally included on their balance sheets.

Fixed assets used in the governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in the governmental funds. Public domain or institutions are not capitalized. No depreciation has been provided on general fixed assets. Fixed assets are valued at historical cost.

Cane River Waterway Commission  
Notes to Financial Statements  
June 30, 1996

## INTRODUCTION

The Cane River Waterway Commission was created by the Louisiana State Legislature by Act 311, Senate Bill Number 504. The Waterway Commission is composed of all of the territory located within the Parish of Natchitoches. The Commission was created for operating and maintaining a navigable waterway system known as the Cane River Waterway, which is located entirely in Natchitoches Parish. The governing board administers the operations and responsibilities of the commission in accordance with the provisions of Louisiana Statute. Members of the commission board are appointed by the Governor of Louisiana.

## I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. BASIS OF PRESENTATION

The accompanying component unit financial statements of the Cane River Waterway Commission have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

### B. REPORTING ENTITY

The State of Louisiana is the reporting entity for the Cane River Waterway Commission. The financial reporting entity consists of (a) the primary government (state), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the State of Louisiana for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the state to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the state.
2. Organizations for which the state does not appoint a voting majority, but are fiscally dependent on the state.

See notes to financial statements.

Cane River Waterway Commission  
Notes to Financial Statements  
June 30, 1996

The account group is not a "Fund". It is concerned only with the measurement of financial position, not with measurement of results of operations.

#### **K. BASIS OF ACCOUNTING**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Ad valorem taxes are recognized as revenue in the year for which budgeted; that is, in the year in which such taxes are billed and collected. Interest on investments is considered to be susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Purchase of various operating supplies are reported as expenditures at the time purchased.

#### **L. BUDGETS**

Annual operating budgets are adopted for the General and Capital Projects Funds. The Commission follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to the beginning of each fiscal year, the Treasurer prepares a proposed budget and submits same to the Board of Commissioners.
2. The Board of Commissioners approves the budget, or amends it as necessary, and it is held open for public inspection.
3. All budgetary appropriations lapse at the end of each fiscal year.
4. The budget is adopted on a basis consistent with generally accepted accounting principles.

#### **M. FINANCIAL RISKS**

The Cane River Waterway Commission does not employ the use of "Uncertainty" accounting.

See notes to financial statements.

#### **CAPITAL PROJECTS FUND**

To account for financial resources to be used for the acquisition, construction or upkeep of major capital facilities, other than those financed by the General Fund.

**NOTES TO FINANCIAL STATEMENTS**

## INTERNAL CONTROL AND COMPLIANCE

Internal control and compliance are critical components of effective governance.

Internal control refers to the processes and procedures designed to ensure the accuracy and completeness of financial information, as well as the effectiveness of operations.

Compliance refers to the adherence to laws, regulations, and industry standards.

Both internal control and compliance are essential for maintaining the integrity of the organization and ensuring its long-term success.

Internal control and compliance are interconnected and must be integrated into the organization's overall governance framework.

Effective internal control and compliance programs can help organizations prevent fraud, detect errors, and maintain ethical standards.

Internal control and compliance are also important for meeting regulatory requirements and maintaining credibility with stakeholders.

Internal control and compliance are critical components of effective governance.

The financial information for the preceding year which is included for comparative purposes was taken from the financial report for that year in which we expressed an unqualified opinion on the general purpose, individual fund, and annual group financial statements of the City River Watershed Commission.

Cisco River Watershed Commission  
Notes to Financial Statements  
June 30, 1996

**7. FUND DEFICIT**

The Commissioner's General Fund has had a deficit fund balance for the past several years. For the year ended June 30, 1996, the Commission increased its property tax millage from .5 to .8 mill. This increased millage has reduced the fund deficit from \$(31,170) at the beginning of the year to \$(2,744) at the end of the year. This increased millage should have the effect of funding this deficit over the next few years.

Proves to Financial Statements  
June 30, 1998**

### **III. COMPARATIVE DATA**

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Commission's financial position and operations. However, comparative (i.e., presentation of prior year totals by fiscal type) data have not been presented in each of the statements since their inclusion would make the statements needlessly complex and difficult to read.

### **I. TOTAL COMBINING UNISTATMENTS**

Total columns on the combined statements-overview are captioned "Municipal Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

### **II. LEVIED TAXES**

The Commission is imposed a levy property tax in order to finance its general operations. The Commission levies taxes on real and business property located within the boundaries of the Commission. Property taxes are levied by the Commission based on property values assessed by the Metairie Parish Assessor, and approved by the State of Louisiana Tax Commission.

The Metairie Parish Sheriff's Office bills and collects property taxes for the Commission. Collections are submitted to the Commission monthly.

The property taxes collected this fiscal year were levied on property with an assessed value of \$100,496,000. Louisiana law excepts the first \$3,000 of assessed value of a taxpayer's primary residence from parish property taxes. This homestead exemption was \$279,413,000 for 1998, leaving a taxable base of \$720,883,000. For the year ended June 30, 1998, the Commission levied the following taxes:

|                           |        |
|---------------------------|--------|
| General Corporate Purpose | 1 mill |
|---------------------------|--------|

**Cane River Waterway Commission  
Notes to Financial Statements  
June 30, 1996**

Property tax collections for the year ended June 30, 1996, were \$24,900, and for the year ended June 30, 1995, they were \$20,281.

The following are the principal taxpayers for the Commission:

| Taxpayer                   | Type of Business   | Assessed Value*     | Percentage Total Assessed Value |
|----------------------------|--------------------|---------------------|---------------------------------|
| Willamette Industries      | Paper Mill         | \$ 8,638,879        | 8%                              |
| Western Gas                | Pipeline Company   | 3,551,359           | 4%                              |
| South Central Bell         | Utility            | 3,152,528           | 3%                              |
| Central Louisiana Electric | Utility            | 2,090,318           | 2%                              |
| Western Gas Resources      | Oil & Gas Recovery | 2,070,229           | 2%                              |
| <b>Total</b>               |                    | <b>\$20,464,365</b> | <b>100%</b>                     |

#### **3. CHANGES IN GENERAL FIXED ASSETS**

The following is a summary of changes in general fixed assets for the year ended June 30, 1996:

|                                   | Balance<br>7-1-95 | Additions | Deletions | Balance<br>(6-30-96) |
|-----------------------------------|-------------------|-----------|-----------|----------------------|
| <b>General Fixed Assets:</b>      |                   |           |           |                      |
| Buildings                         | \$26,483          | 10        | 10        | \$26,483             |
| Equipment                         | 32,492            | 9         | 9         | 32,492               |
| <b>Total General Fixed Assets</b> | <b>\$58,975</b>   | <b>10</b> | <b>10</b> | <b>\$58,975</b>      |

#### **4. CASH AND INVESTMENTS**

For reporting purposes, cash and cash equivalents include cash, demand deposits, and certificates of deposit. The Commission may invest in time certificates of deposit of state banks organized under the laws of Louisiana, national banks having their principal office in the state of Louisiana, in savings accounts or places of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

Case River Waterway Commission  
Audit of Financial Statements  
For the Year Ended June 30, 1996  
Under Contract No. 96-01-Audit and Reporting

Attn: Michael J. Blue  
Executive Director, 1996  
OAG Auditor  
Case River Waterway

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
BASILIAN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENTAL AUDITING STANDARDS

To the Board of the Case  
River Waterway Commission:

We have audited the compliance with financial statements of the Case River Waterway Commission, Natchitoches, Louisiana, for the year ended June 30, 1996, and have issued our report thereon dated November 18, 1996.

We conducted our audit in accordance with generally accepted auditing standards, the standards for financial and compliance audits contained in Government Auditing Standards, issued by the U.S. General Accounting Office, and the Louisiana Governmental Audit Guide. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Case River Waterway Commission is the responsibility of the Commission's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Commission's compliance with certain provisions of laws, regulations, contracts, and grants. However, it should be noted that our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended solely for the information of the Board of Commissioners of the Waterway Commission. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
